Friends,

We are living through difficult times, for many, even impossible times! As we enter Holy Week, culminating with the Easter high, things may seem impossible to us, but everything is possible with God!

Many countries across our world people have committed to prayer chains, praying 4-6 hours at a stretch, for God to forgive us our pride of human achievement, to have mercy on us and release us to new life in Christ

At Botley Baptist, we don't have "the tech" to *publicast* our worship services, so we are doing what we have always done - to upload a printed copy of our sermons and messages.

Please log onto our website (link above). On the top line, click on **SERMONS** then click on **2020** in the box on the left. Choose from the list of sermons.

Starting with Palm Sunday, we present a brief, but hopefully meaningful service, with click-links to hymns on YouTube. You can toggle back to our website to follow the words. **ONE PROBLEM: at the end of each hymn, please shut down YouTube, else you will be taken to the next item listed on YouTube, which may even be an advertisement (horror of horrors!).**

We pray our worship brings you joy and is a blessing. We would love your feedback by clicking "Email the Church" at the top right of our home page.

Be blessed and be a blessing to all whom you should not meet, but are in contact!
